RESPONSE TO PETITION DECISION DATED NOVEMBER 9, 2007

Commissioner for Patents

Alexandria, VA 22313-1450

Dear Sir:

Further and favorable consideration of the above-referenced petition is respectfully requested in view of the following remarks and submissions.

In the event any fee or additional fee is due in connection with the filing of this paper, the Commissioner is authorized to charge those fees to our Deposit Account No. 18-0988 (under the above Docket Number). In the event an extension of time is needed to make the filing of this paper timely and no separate petition is attached, please consider this a petition for the requisite extension and charge the fee to our Deposit Account No. 18-0988 (under the above Docket Number).

REMARKS

The petition was found defective because it did not meet the requirements set forth in 37 C.F.R. 5.25(a)(2), (3)(iii), and (4). Subsection (a)(2) requires the dates on which the material was filed in each country. These dates were included in the original petition for the foreign filing license along with the fee required by subsection (4). Both the petition and showing of payment are attached.

In addition, subsection (3)(iii) requires an explanation of why the material was filed abroad through error and without deceptive intent. The present application was secured by the owner-of-record, Equipment Merchants International, Inc. in an Australian bankruptcy-like proceeding. (Assignment is recorded at Reel 017572 Frame 0518.) The Australian attorneys have been requested to provide a verified statement. But they have refused on the basis of outstanding debt in the name of the original owner of the application at issue. A copy of that letter is attached. The attorney specifically notes that "in light of the history of this matter" he will have to give our request "some consideration."

In view of this refusal, it is respectfully submitted that the previously provided declaration of the sole inventor, Robert J. Bend, be accepted as a showing that the Australian Provisional Patent Application No. 2003903648 and corresponding PCT Patent Application PCT/AU2004/000949 were filed, without the required foreign filing license, through error and without deceptive intent. The inventor and the present owner should not be punished by the non-cooperation of the Australian attorney.

In the alternative, a stay of this petition for a period of six months, is respectfully requested, so that further pleas may be made to the Australian attorney.

There are several pending petitions with a similar error of filing abroad without obtainment of a foreign filing license. As the present applicant and its attorneys were not involved in these errors, the procedural steps already in place are able to prevent this error from occurring again.

Respectfully submitted,
RENNER, OTTO, BOISSELLE & SKLAR, LLP

Dear Ms Murphy

APPLICATIONS UNDER PCT NO's.

PCT/AU2004/000588, PCT/AU2004/000949, PCT/AU2004/001065
PCT/AU2004/001066 and PCT/AU2004/001221

Thank you for your facsimile of 24 July, 2007 regarding the above International applications.

You are correct in that the original Australian applications as well as the subsequent international applications were handled by our firm and also appreciate that they have travelled a long way to land on your desk.

However, you may not be aware that the applicant for each of the applications, Castalloy Manufacturing Pty Ltd, transferred their interest to ION Automotive Ltd some time ago and that ION Automotive Ltd raised a substantial level of debt with our firm and thus since December 2004 we have been exercising our right of lien against these and other files. The amount currently owed to us is approximately AUS\$71,000 and we have been met with a wall of silence in this regard.

It is noteworthy that we exercised our right of lien prior to the transfer of any intellectual property and from what I have seen it does not appear as though the new owner of the IP was aware of our lien.

Accordingly, in light of the history of this matter, with due respect, I will have to give your request some consideration.

Yours faithfully
COLLISON & CO
